

Kirkwall Airport

Kirkwall Airport provides access to the Orkney Islands from Scotland's major cities, Shetland and Norway. It also provides inter-island air links to the northern isles of Orkney. For business or leisure, Kirkwall is the air transport hub for the islands.

Orkney is a truly unique destination with a deep sense of history and vibrant contemporary culture. Kirkwall, Orkney's main town, is a great base for touring the 70 or so scattered islands that make up the archipelago. There are excellent air and ferry services between the islands and you can also take the world's shortest scheduled flight – lasting two minutes – between the islands of Westray and Papa Westray
