

Tiree Airport

Tiree is the most Westerly Island of the Inner Hebrides and its airport provides scheduled air links to Glasgow, Oban and the Island of Coll.

Thanks to its location on the Atlantic Ocean, Tiree is one of the sunniest places in the UK. It is also one of the windiest and is a magnet for windsurfers, particularly each October when the Island hosts the Tiree Wave Classic, a world championship windsurfing event.

Many other people come to Island simply to enjoy the beautiful white sand beaches and dunes, the rich variety of wild flowers and the extensive bird life.
